FRIDAY HOTTEST DAY OF THE YEAR

Thermometer Registered 94 De-
grees Which Was the High-
est Reached this
Year.

Friday was the hottest day of the
year 1905. The thermometer climbed
up until it reached the 94 degree
point, which established a record for
this season, and one that will not
soon be forgotten by those who were
compelled to be out in the sun during
the day.

During the past week the weather
has been exceptionally warm, the
thermometer hovering around the 90
degree point during most of the time,
and upon Thursday it went as high as
91 degrees. Yesterday, however, was
cooler than previous days.

Local Observer Reed in his sum-
mary of the conditions yesterday
said: "The pressure is highest at Chicago
and Davenport, high from eastern
Washington to central Wyoming, low
over North Dakota and at William-
ton, and comparatively low at Los
Angeles.

"Scattered appreciable showers
have fallen in Louisiana, Mississippi,
Alabama, Florida, Georgia, the Caro-
linas and northeastward to New York.
The following heavy precipitation (in
inches) has been reported during the
past 24 hours: Birmingham, 2.80;
Norfolk, 2.24; Washington, 3.92; Bal-
timore, 1.82; Jupiter, 1.30; Vicks-
burg, 1.16.

"It is generally cooler this morning
from Mississippi, Southern Illinois
and Georgia, to Maine. Maximum
temperatures for Friday, ranging be-
tween 90 and 96 degrees were regis-
tered in central and northern Texas,
western Arkansas, southern Kansas,
Louisiana, the central and southern
portions of Georgia and Mississippi,
and from Mobile to Jacksonville; the
94 degrees for Pensacola is the hot-
test this summer; on June 8th it re-
gistered 93 degrees."

MOBILE MAY HAVE ANOTHER THEATRE

THE JAKE WELLS SYNDICATE
WILL PROBABLY HAVE THE
PLAY HOUSE.

The Mobile Herald says: If the
making of plans and specifications
count for anything, and as a general
rule such actions are regarded as
true intentions, Mobile will boast of a
new and modern theater before many
months shall have passed.

It is learned from a very reliable
source that plans are making by Post-
master P. D. Barker for the erection
of a theater on the property owned by
him on Conti street, opposite Klosky's
restaurant, and which is now occupied
by a paint firm and several others.

This improvement is also regarded
as a certainty. It is said that the
theater will be a three-story building
70 feet front and running back 149
feet.

The seating capacity is placed at
about 2,500, and the interior will be
on the lines of the Auditorium of Bir-
mingham and the Grand theater of
Atlanta. It is understood that there
are certain arrangements in progress
whereby the Jake Wells syndicate
will in all probability have the new
playhouse. The statement is made that
if the Wells syndicate accepts the pro-
posed plans the building will be erected
and leased to them for a term of years.

Many old theater-goers have ex-
pressed the opinion that a new play-
house would be successful, more es-
pecially if it was run on the plan
which the Mobile syndicate is using
in several other cities of the south.

CHARGED WITH VIOLATION OF LAWS

C. C. Dickens Taken Into Custody
for Passing Quar-
antine Inspectors at
Flomaton.

C. C. Dickens, supposed to be a com-
mercial man, and who stated that he
came from Mobile, was taken into
custody this morning shortly after 1
o'clock by Deputy Sheriff Saunders
and Marshal Schadt, and escorted to
the pest house in the outskirts of the
city.

Dickens reached the city yesterday
afternoon and went to a local hotel.
Instead of registering he avoided this
and securing a room went to it, but it
was not long before the authorities
were aware of the fact that he had
avoided the quarantine, and this morn-
ing he was aroused from his bed and
escorted to the pest house.

It was stated that Dickens reached
Flomaton just as the train for Pensa-
cola was leaving that city. He made
a dash for the train and succeeded in
catching it. Wires were sent to
deputy sheriffs along the line, but
none of them were able to locate him
upon the train.

AT MEAL TIME

And Bed Time we advise everybody
to take a dose of Hostetter's Stomach
Bitters. It will strengthen and sweet-
en the stomach, restore the appetite
and induce sound sleep. It has been
doing this for over 50 years and is
just as good to-day. Take the hint
and try a bottle. It cures Headache,
Indigestion, Dyspepsia, Costiveness,
Cramps, Diarrhoea or Malaria, Fever
and Ague. Our Private Stamp is over
the neck of bottle.

**HOSTETTER'S
STOMACH BITTERS**

For Many
of the Ills

to which human flesh
is heir;

Long Life
Liver and
Kidney Cure

would prove a great
relief.

NO FINER
LAXATIVE KNOWN

A bottle should be
kept in every home,
for "an ounce of pre-
caution is worth a
pound of cure," and a
dose will frequently
save a spell of sick-
ness.

Ausley & Co's Daily Cotton Letter.

New York, Aug. 26.—Foreign cables
were about as expected and were with-
out influence on our market. Trading
was dull and prices narrow but the
tone of the market remained
steady on fairly good buying. Weather
conditions were somewhat more
favorable with a decided fall in tem-
peratures in Ohio valley, Middle At-
lantic and North Carolina, and some-
what cooler in Texas with occasional
showers. There has been no break
in exceptional weather in Texas but
indications point to rains, although
it remains to be seen that these are
sufficiently heavy to be a market in-
fluence. The damage to the crop in
Texas is regarded as serious and rain
at this time cannot materially improve
the condition in that locality. Many
followers of the market are awaiting
the publication of next Government
crop report and reports of crop condi-
tion from private sources is given plen-
ty of attention. The Chronicle sta-
tistics show that 102,452 bales
came in sight during the
week as compared with only
43,655 bales for the same period of
last year, and the "in-sight" movement
since September 1st, shows a total
of 13,560,569 bales as compared with
10,153,964 bales the corresponding
period of previous year. The large
amount brought in sight thus far in
the season indicates that there is not
a great deal remaining to come forth,
and much consideration is now being
given to the attitude which the spin-
ners will assume. Crop conditions
and statistical facts are suggestive of
higher prices for both spot cotton and
the option list, in the meantime prices
will likely fluctuate, within narrow
limits as general influences and pool
operations bring about this condition.
